Bolder vision,
Renewed ambitions

**Stepping up action for
a fairer, climate-neutral
Europe.**

Konvencija županov
za podnebne spremembe
in energijo
EVROPA

Why raise ambitions?

- To reflect the latest evolutions of EU policies, European Green Deal and European Climate Law and the Paris Agreement
- To strengthen the position of the Covenant of Mayors, as the movement of local governments leading for change
- To contribute to the recovery of Europe whilst paving the way for a transformation to a just, climate-friendly society

How were these new ambitions adopted?

- Survey led among local authorities in Europe
- Numerous national and regional partners consulted
- Adopted by local leaders in the Covenant of Mayors Political Board
- Endorsed by EU Commissioner for Energy, Kadri Simson

What's **new**?

- Shared vision of climate-neutrality for 2050
- Considering the emergency, making climate action an overarching priority
- Involving citizens and local stakeholders to ensure a fair transition that leaves no one behind

What's **new**?

1 **COMMIT** to setting mid- and long-term targets, consistent with the EU objectives, and at least as ambitious as our national targets.

2 **ENGAGE** our citizens, businesses and governments in the transformations ahead.

What's **new**?

3 **ACT**, now and together, to get on track and accelerate the necessary transition.

4 **NETWORK** with fellow Mayors and local leaders to get inspiration from each other.

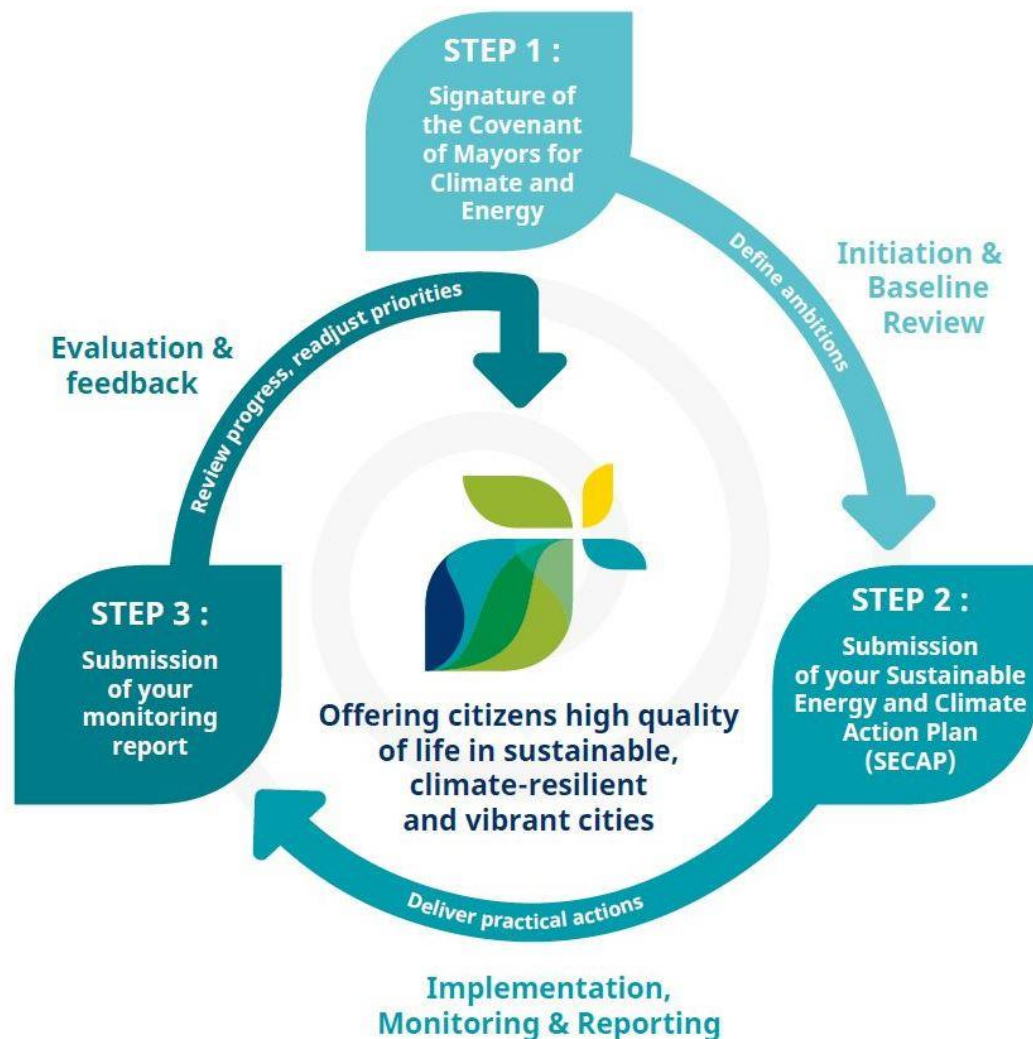

Why should my municipality **raise its ambitions**?

- Show sound climate commitment and actions to your citizens!
- Contribute to the transformation towards create climate neutral cities and offer quality of life to the citizens
- Join forces in the world's largest movement of cities taking climate and energy action
- Inspire and learn from your peers
